

## Call for Papers

ESORICS (European Symposium on Research in Computer Security) is the premier European research conference in computer security. ESORICS started in 1990 and has been held in several European countries, attracting an international audience from both the academic and industrial communities. **ESORICS 2014**, the 19<sup>th</sup> symposium in the series, will be held in Poland at the Institute of Mathematics and Computer Science, Wrocław University of Technology.

Papers offering novel research contributions in all aspects of computer security are solicited for submission to **ESORICS 2014**. The primary focus is on original, high quality, unpublished research, but submissions describing implementation experiences and industrial research and development are also encouraged. All topics related to security, privacy and trust in computer systems and networks are of interest and in scope. Purely theoretical papers, e.g. in cryptography, must be explicit about the relevance of the theory to the security of IT systems.

For the second time at ESORICS, there will be awards for outstanding papers and outstanding student papers. A student paper is defined to be one in which at least one of the authors is a student who does not have a PhD at the time of submission. To be considered for the student paper award, the paper must be accompanied by a cover letter signed by all co-authors explicitly attesting to the central role and contributions of the student(s), and the paper must be presented by the student at **ESORICS 2014**. The cover letter should be in pdf format and uploaded at the same time as the paper.

## Submission Details

- Submissions must not be anonymised.
- Submitted papers must not substantially overlap with papers that have been (a) published in a journal or the proceedings of another conference (b) submitted to a journal or (c) submitted to another conference with proceedings.
- Submitted papers must adhere to the LNCS template and should be at most 16 pages in this format, excluding the bibliography and well-marked appendices. Submitted papers must be no longer than 20 pages. Committee members are not required to read the appendices, so the paper should be intelligible without them.
- Submissions must be written in English and must be in pdf format.
- Papers must be submitted via the **EasyChair** conference system at:

<https://www.easychair.org/conferences/?conf=esorics2014>

Submissions not meeting these guidelines risk rejection without consideration of their merits.

**Accepted papers will be published by Springer in the LNCS series.** Note that authors of accepted papers must guarantee that one of the authors will register and present the paper at the conference.

## Important Dates

- Paper submission due: **2 April 2014**  
(23:59 American Samoa time)
- Notification to authors: **10 June 2014**
- Camera-ready copy due: **21 June 2013**
- Conference: **7-11 September 2013**
